

February 6, 2008

Dear Prospective Candidate:

Thank you for your interest in running for an SBA Senate position. SBA positions are a worthwhile and meaningful way of getting involved on campus. Unlike the many student body positions you may have previously held, SBA functions very much like a microcosm of government. As such, there are strict rules and guidelines you must follow.

Attached are the basic instructions for declaring your candidacy and running for a Senate position, as well as the SBA Election Bylaws. As Election Committee Chairs, it is our job to ensure that all candidates abide by the following rules and instructions. We are not members of SBA. Election Committee Chairs are neutral parties affiliated with SBA in order to maintain fair elections. Should any concerns arise throughout the duration of the campaign and voting process, it is the role of the Election Committee Chair to assess the situation and handle the matter.

Elections are taken seriously on campus, but it is also important to enjoy the campaign and keep up the enthusiasm that brought you this far! Remember, it is your responsibility to review the bylaws in their entirety, and behave accordingly throughout the campaign. Failure to do so may disqualify you for candidacy and result in an honor code violation.

Please see the attached schedule of important dates and instructions. If you have any questions feel free to contact us.

Thank you for you interest and good luck!
